**CU-01-09**, presented by Freeman. Pastor Lula Crayon of Villa Rica, GA requests a conditional use for the purpose of a church. The property is located at 200-B Old Liberty Road, parcel number 0146-025-0032, in Land Lot 146 of the 2<sup>nd</sup> District, in Douglas County. The property consists of 1.31+/-acres and is in Ward 4.

Shelly Crane, a representative of Spoken Word EOC, stated the church would use the existing building for the church, and will have a congregation of six (6) adults and two (2) children to begin. Also, Crane stated the church will provide outreach programs and support to the community.

Commissioner Francis questioned which structure would be utilized or would there be an addition to site. Tammy Talbot, the property owner, said there would be no expansion or additions to the site for the church.

The purpose of Conditional Use review is to allow the City to exercise some discretion over the extent and design of certain activities that could have a detrimental effect on the community if permitted to exist in large numbers, in certain locations or without special conditions. Therefore, these regulations enable the City to authorize a Conditional Use subject to conditions that mitigate the potential problems associated with the use or its location in relation to the neighboring properties. A Conditional Use is not a use by right.

Commissioner Francis motioned to recommend approval of the request, and Commissioner seconded by Kraft. The motion carried 3/0.

Larry Steed, a representative of Tanner Medical Center, Inc., stated that this request would be contiguous with Tanner Medical Center's main campus. He said the property for additional parking for hospital and medical offices due to the increased development in the City that has caused a growing need for medical auxiliary services. The proposed time schedule and phasing

for the development will be on an as needed basis, and will be driven by the demand for medical services in the area, as stated in the Analysis of Impact.

Commissioner Gill asked if there had been any opposition to the request; Tim McDonald, Property Manager for Tanner Medical Center, Inc., said there has not been any opposition, but they did receive property purchase requests.

Tom Waldrop, 215 Old Stone Road, was concerned with water run-off regarding the parking lot concept. In the past, Waldrop said issues with run-off from Tanner Medical property had been prevalent in the past, and he requested that this be prevented in the future. Commissioner Francis asked Staff if there were any requirements that would prevent such an occurrence. Freeman said rules and regulations regarding stormwater run-off are in the Unified Development Code, and Staff reviews all plan submittals for compliance.

Commissioner Gill motioned to recommend approval of the request, and Commissioner Francis seconded. The motion carried 3/0.
